

Korean Exchange Students

The 17 Korean students, accompanied by their teacher Lisa Chin left their wintery home in Seoul to start their three week cultural exchange at Bowral High school.

This is the first time Bowral High school have had Korean exchange students. The aim was to expand opportunities for our kids, and bring Asian perspectives to what essentially is a non-multicultural school and to teach them that Australia is very much a part of Australasia.

During their time here the students participated in a mix of regular lessons and educational activities, as well as day trips to Wombeyan Caves, Luna Park, Darling Harbour, Taronga Zoo, Manly, Jamberoo and the Imax theatre.
